

This presentation covers all topics discussed in the Compliance Manual for Candidates. Please allow at least 45 to 60 minutes to view this presentation.

This presentation is designed to be interactive. A mouse click is required on all slides to advance to the next slide. You will know when the option to click is available when the mouse cursor changes from an arrow to a hand.

A Table of Contents (TOC) is available to view by clicking the circular button labeled TOC. It provides a listing of the covered topics as well as a time clock to judge your progress through the presentation.

If at any point in the presentation you would like to revisit a slide, you can return to it by clicking on the title in the TOC. However, because this presentation has a specific overall goal, you will not be able to skip to slides you have not already viewed or create a custom path. If you require only a review of a specific topic, please consult the Manual or contact the Compliance Staff.

Closed Captioning is available. You can access this option by click on the circular button labeled CC.
