Executive Director

RE: 1974 Congressional Candidates

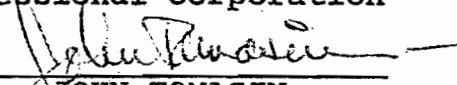

Dear Sir:

My understanding from your office today is that, so far as the New Jersey Campaign and Expenditures Law is concerned, Congressional candidates and Committees need not file New Jersey forms or reports, but do have to continue to file under the Federal law, in Washington, D. C., and file copy of the Federal Report with the Secretary of State of New Jersey to be in full compliance.

Can you confirm?

Very truly yours,
