1. The Commission by resolution denied an application made on behalf of the Chamber of Commerce and its members by their Counsel, Robert Wilentz, Esq., for an extension of the filing deadline to June 1, 1974. The vote was three in favor of denial, none opposed.
2. After discussion, the Commission directed the Executive Director to grant filing extensions to those organizations seeking advisory opinions which would have a direct or indirect effect on the ability of the organization to comply with the filing deadline. Such extensions are to include the period during which the rendering of an opinion is pending and fifteen days thereafter.
