LEWIS B. THURSTON, III
EXECUTIVE DIRECTOR
EDWARD J. FARRELL
COUNSEL

August, 1977

This report is the first in a series of reports to be published by the New Jersey Election Law Enforcement Commission summarizing significant election data filed with the Commission. The Commission is directed by statute to promulgate summaries of certain contributions and expenditures data from reports filed with the Commission by candidates and committees. The Commission has done so and will continue to publish such summaries of comprehensive data regarding each election.

The new series of Commission reports of which this is the first will summarize only the more significant contributions and expenditures data from selected elections for various offices or public questions. We hope that the format employed will make the reports attractive, easy to read and easier to disseminate.

The Commission anticipates that other reports in this series will include summaries of contributions to gubernatorial candidates in the 1977 primary election, legislative candidates in the 1977 primary election, gubernatorial candidates in the 1977 general election and legislative candidates in the 1977 general election.

We anticipate that these reports will be a useful research resource by providing significant data in a usable form.

LEWIS B. THURSTON, III
Executive Director

LBT:cfk

The information in this report was prepared by
the following members of the Commission staff:

Juana Schultz
Jane Cihanowyz
Donna Borne
Amy Lempert
Ricky Prill
Neil Upmeyer
Brian Wald
Dean Wycks

with the assistance of the following staff of the
Division of Data Processing and Telecommunications
of the New Jersey Department of Treasury:

Edward Bakun
Jim Stracka

This project was carried out under the direction
of Brian Wald, Director of Compliance & Review, and
Lewis B. Thurston, III, Executive Director of the
Commission.

FOREWORD

The New Jersey Campaign Contributions and Expenditures Reporting Act requires political committees which support or oppose public questions to file reports which include the sources of contributions of more than \$100 and expenditures made by such committees with the Election Law Enforcement Commission. The following special report by the Election Law Enforcement Commission on the 1976 Constitutional Amendment on Casino Gambling is compiled from all reports filed by committees both for and against the casino gambling question during the period between October 8, 1976 and June 17, 1977.

On November 2, 1976 the voters of New Jersey were asked to decide Public Question #1, an amendment to the New Jersey Constitution authorizing casino gambling in Atlantic City. The measure was approved by a vote of 1,535,249 to 1,180,799. By a 1974 vote of 1,202,638 to 790,777 New Jersey voters defeated a similar constitutional amendment which would have authorized the establishment of casinos throughout the State subject to certain local approvals.

In 1976 pro-casino committees spent \$1,330,615 while the opponents of casino gambling spent \$21,250. The \$1.3 million total spent in relation to the 1976 question was more than double the \$600,000 spent in the 1974 casino campaign, where \$576,600 was spent in support of the question and \$36,500 was spent in opposition.

More than half (\$694,011) of the total contributions greater than \$100 to committees backing the 1976 question came from contributors listing addresses in Atlantic City, while the remaining amount was almost equally divided between out-of-state contributors (\$261,297) and contributors from other parts of New Jersey (\$256,781). Over three-fourths

of the total raised from out-of-state contributors in 1976 came from one source, Resorts International, a Miami, Florida, firm. Its total contributions of \$201,630 made it the largest single contributor in support of casino gambling.

The Committee to Rebuild Atlantic City, which raised \$1,232,256, was the largest fund-raising committee formed on behalf of the casino question. The biggest contributions to that committee were from Resorts International, Chalfonte-Haddon Hall, the Press and Sunday Press of Atlantic City and Howard Johnson's of Atlantic City. (See chart p. ii).

The Coalition of Religious Organizations and Concerned Groups Against Casino Gambling, which raised \$23,151, was the largest anti-casino committee. There were no contributors of more than \$5,000 to this committee.

HOW TO USE THIS REPORT

Section I - Totals

This section is a summary of all receipts and disbursements to all committees supporting the casino gambling question, opposing the question and the total money raised and expended for all committees in the following categories:

Contributions of \$100 or less - includes only contributions of cash or check

Contributions greater than \$100 - includes only contributions of cash or check

Transfers* (see note next page) - contributions from other reporting committees

Loans - contributions intended to be repaid

Total Receipts - includes cash contributions and loans

Loan Repayments - Total loans repaid

Total Cash Receipts Available - total receipts less the amount of loans repaid

In-Kind Contributions - value of contributions of goods and services reported through a reporting committee

Total Funds Available - total cash receipts plus in-kind contributions

Total Net Disbursements - all funds disbursed, not including transfers

Total Disbursed on Public Question - Total Net Disbursements less loan repayments

In-Kind Expenditures - value of contributions of goods and services reported through a reporting committee

Total Expended on Public Question - total of In-Kind and Total Cash Disbursed on Public Question.

Section II

This section consists of an alphabetical list of contributors to all committees formed in support of or in opposition to the 1976 casino gambling public question. It includes the name and address of

the contributor; the date and amount of the contribution; the recipient and type (e.g. loan, transfer, in-kind) of contribution. Types of receipts are identified next to the date of the contribution, but, unless otherwise identified, all contributions are cash or negotiable instrument. In-kind contributions are funds which were expended in relation to the casino gambling question by individuals and reported through one of the reporting committees. Transfers are contributions from other reporting committees.

Section III

This section is a summary of the activity of each committee filing reports in connection with the 1976 casino question. This summary includes an alphabetical list of contributors to the committee and a summary of all receipts and disbursements to each committee in the categories outlined in Section I.*

Information for this report was prepared directly from the reports filed by the various committees with the New Jersey Election Law Enforcement Commission. Transactions which were identified as in-kind, transfers, etc. in the reports are identified as such, however, complete statistical precision cannot be assured due to incorrect characterizations of certain transactions in some of the filed reports. Therefore, the summary data contained in this report should be verified against source documents in regard to specific questions.

*In order to avoid counting the same money twice, transfers between the several committees are not included in the totals in Section I. Receipts through transfer and funds transferred are included in the summary of receipts and disbursements of the individual committees listed in Section III.
