In such event, the provider shall be responsible for any and all transportation costs.
         9.-11. (No change.)
individual or entity required to file will be able to use the Commission’s electronic filing system.

Based on the Commission’s experience with its electronic filing system, the increase in preparation of reports using computer software, and the trend towards requiring electronic filing, the Commission believes that it is reasonable to require electronic filing.

**Campaign Cost Index Adjustments**

Statutory changes to the New Jersey Campaign Contributions and Expenditures Reporting Act, N.J.S.A. 19:44A-1 et seq. (Campaign Act) enacted in 1989 require that the New Jersey Election Law Enforcement Commission (Commission) “establish an index reflecting the changes occurring in the general level of prices of particular goods and services ... directly affecting the overall costs of election campaigning in this State.” N.J.S.A. 19:44A-7.1.b. The Commission must apply that index to adjust, on a quadrennial basis, various statutory components of the gubernatorial public financing program. See N.J.S.A. 19:44A-7.1.c.

In the 1993 amendments to the Campaign Act, the Governor and Legislature directed the Commission to adjust the limits and thresholds pertaining to non-gubernatorial candidates, committees, and political party entities for campaign cost inflation in the same manner as it adjusts the gubernatorial limits and thresholds. See P.L. 1993, c. 65 (N.J.S.A. 19:44A-7.2).

Legislation enacted in 2004 further amended the Campaign Act, leaving in place the automatic adjustment of thresholds and limits within the gubernatorial public financing program and the thresholds applicable to non-gubernatorial candidates and committees, but directing the Commission to recommend changes for the contribution limits relating to non-gubernatorial candidates, political committees, continuing political committees, political party committees, and legislative leadership committees to the Legislature via a quadrennial report. See P.L. 2004, c. 28 (N.J.S.A. 19:44A-7.3). The Commission’s recommendations can be found in the Commission’s 2021 Cost Index Report, issued June 2020.

At this time, the following adjustments, applicable to non-gubernatorial candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, legislative leadership committees, and other entities, are required: the political committee reporting threshold, the continuing political committee reporting threshold, the joint candidates committee Sworn Statement (Form A-2) reporting thresholds, the candidate committee Sworn Statement (Form A-1) reporting threshold, thresholds for 48-hour notice reporting of contributions and expenditures, the threshold for reporting of independent expenditures, and the maximum penalty amounts which may be imposed by the Commission pursuant to N.J.S.A. 19:44A-20.1 and 22. See N.J.S.A. 19:44A-7.2.

**Calculation of the Inflationary Adjustment**

N.J.S.A. 19:44A-7.1.b requires that the index be weighted according to the impact in the preceding general election for the offices of Governor and Lieutenant Governor of the various categories of campaign expenditures. Therefore, determination of the index for 2021 required analysis of the campaign expenditures of the 2017 gubernatorial general election campaigns. Using expenditure information reported by the 2017 gubernatorial general election campaigns, the Commission concluded that 70.96 percent of 2017 general election expenditures were associated with communication of the candidates’ messages to voters. The remaining 29.04 percent of 2017 general election expenditures were spent administering the campaigns, that is, on candidate travel, food and beverage, fundraising, election night activities, compliance, telephone, personnel, and other administrative costs.

**Mass Communication Costs**

As in the 2016 cost adjustment, the Commission obtained data from Magna Global of New York City, a McCann affiliate. The percentage increase is derived from the cost-per-thousand indices. These indices measure the change in the cost of advertising targeted to reach 1,000 individuals in the New York and Philadelphia media markets. The index was projected to increase by 14.7 percent between base years 2016-2020. See Cost-Per-Thousand Mass Communication Percentage Increases, Table 10 (June 2020).

**Other Campaign Costs/Administration**

The change in “all other campaign costs” was calculated using United States Bureau of Labor Statistics (BLS) Consumer Price Index (CPI) data relevant to New Jersey. The Commission used CPI data from the base year 2016 through February 2020. Statistics from the BLS for the purposes of this analysis involve data compiled for two geographic regions: New York/New Jersey (NY/NJ) and Pennsylvania/New Jersey (PA/NJ). The 2016 through 2020 inflationary number is 8.66 percent for NY/NJ and 7.58 percent for PA/NJ. The Consumer Price Index for the New York Media Area (CPI-NY/NJ) for the year 2021 is 316.745. The BLS’s Consumer Price Index for the Philadelphia Media Area (CPI-PA/NJ) for the year 2021 is 321.672. Therefore, the CPI-NY/NJ has increased by 17.32 percent over the CPI-PA/NJ. The CPI-NY/NJ was multiplied by the proportion of 2017 campaign expenditures for mass communication costs, or 70.96 percent, to determine the increase in mass communication costs for the period between 2017 and 2021 elections.

**Calculation of the 2021 Campaign Cost Index**

As indicated below, the 14.7 percent increase in communication costs was multiplied by the proportion of 2017 campaign expenditures for mass communications, or 70.96 percent, resulting in a communication component of 10.43 percent. The 8.30 percent increase in other campaign costs/administration was multiplied by the proportion of 2017 campaign expenditures on such items, or 29.04 percent, which resulted in a component of 2.41 percent. The 10.43 percent increase in communication costs was then combined with the 2.41 percent increase in other costs to yield a total New Jersey Campaign Cost Index (NJCCI) of 12.84 percent.

Based upon the above calculations, the Commission has determined that the cost index multiplier for the limits and thresholds applicable to publicly financed gubernatorial campaigns is 1.128. As is mentioned above, the Legislature has directed the Commission to apply the cost index multiplier for the limits and threshold applicable to publicly financed gubernatorial campaigns to non-gubernatorial candidates, candidate committees, joint candidates committees, political committees, and legislative leadership committees as well. See N.J.S.A. 19:44A-7.2. The next step in the cost adjustment process is to multiply each specific limit or threshold by the 1.128 index. The resulting amounts are rounded, as statutorily mandated pursuant to N.J.S.A. 19:44A-7.1.b.

Based upon this analysis, the Commission proposes to amend its rules as follows:

Form A-3 Proposal

In addition to the statutorily mandated cost index changes listed above, the Commission proposes, as it did in 1996, 2000, 2004, 2008, 2012, and 2017, application of the cost index to adjust the Form A-3 $6,300 calendar year regulatory threshold. See N.J.A.C. 19:25-9.2, Certified Statement (Form A-3). This rule permits a continuing political committee, a political party committee, or a legislative leadership committee that does not expect to raise or spend in excess of the specified threshold amount to file a certified statement (Form A-3) in lieu of detailed quarterly reports. The purpose of the Form A-3 regulatory filing option is to relieve such a committee from the obligation to file detailed quarterly reports in any year in which its financial activity is minimal. The proposed $7,200 Form A-3 threshold amount is based upon the statutorily mandated adjustment to $7,200 as the threshold for quarterly reporting. Because that statutory amount is subject to the campaign cost adjustment process, the Commission proposes that the regulatory threshold amount be similarly adjusted.

48-Hour Notice Threshold Proposal

In 2004, legislation extended 48-hour expenditure notice reporting to political party committees, legislative leadership committees, independent expenditure filers, and candidates, establishing a reporting threshold of $800.00. See P.L. 2004, c. 33. N.J.S.A. 19:44A-7.2, the statute mandating the cost-index adjustments, does not specifically include, and was not amended to include, the new 48-hour notice requirements. In adopting rules in 2005 to implement the new statutory requirements, however, the Commission adopted a filing threshold of $1,000 for these new requirements to be consistent with the other 48-hour notice requirements, which had been adjusted effective January 1, 2005, pursuant to the statutorily mandated cost index adjustments. See 37 N.J.R. 2228(a). The Commission noted at that time that it believed it would be confusing for filing entities and the public to have one filing threshold for some 48-hour expenditure notices and a different threshold for other entities. See 37 N.J.R. 754(a); 2228(a). The Commission adjusted the threshold at N.J.A.C. 19:25-8.6A, 9.4A, and 12.8A in 2008, 2012, and 2016, to maintain a uniform threshold for all 48-hour notices filed with the Commission. For the same reasons, the Commission proposes to adjust this threshold once again.

### Subchapter 21. Professional Campaign Fund Raisers

The Commission proposes to amend N.J.A.C. 19:25-21.5, Termination, to be consistent with changes to electronic filing.

### Social Impact

#### Electronic Filing

The Commission’s proposed new rules requiring electronic filing will have a positive social impact on candidates, committees, and all other individuals and/or entities that file with the Commission. The Commission believes that its electronic filing system provides flexibility, enhances timely reporting, reduces reliance on hand-delivery or postal delivery of reports, and promotes accuracy and efficiency. Further, the use of the electronic filing system enhances disclosure because it specifically conforms to statutory and regulatory requirements. The Commission will continue to provide training sessions, support through a help desk, and maintain a user-friendly website, which will ease the transition for individuals and entities who are not currently filing electronically.

#### Campaign Cost Index Adjustments

The Commission’s proposed amendments regarding the cost index adjustments will affect candidates, candidate committees, joint candidates committees, recall committees, political committees, continuing political committees, political party committees, legislative leadership committees, treasurers, and persons and entities making contributions to candidates and committees, and expenditures to support or defeat candidates, committees, and public questions. The proposed amendments will provide notice of the increased thresholds that trigger the obligation to report financial activity to the Commission. The adjusted limits are responsive to changes in the economy and will have a beneficial impact because they permit spending by New Jersey candidates and committees to keep pace with economic changes. The limits, which have been adjusted largely upward in response to inflation, continue to serve the important statutory public policies of eliminating undue influence upon candidates from unlimited contributions and requiring reporting of political contributions and expenditures.

The proposed amendment to adjust the threshold that permits a committee to file the Form A-3 is beneficial because it reduces the filing burden on those committees that have minimal financial activity. The Commission believes that the proposed amendments to maintain a uniform threshold for all 48-hour notices filed with the Commission will have a positive social impact by serving as a “gap filler” to notify the public of large contributions and expenditures that would otherwise not be reported until after an election.

#### Economic Impact

The proposed new rules to electronic filing are not expected to impose any additional costs on individuals and/or entities who file with the Commission and may increase efficiency in the reporting process by requiring electronic filing. The electronic filing system is provided at no charge, and its required use is expected to reduce paperwork and to simplify the reporting process. Any economic impact on the regulated community is outweighed by the considerable increase in the Commission’s efficiency, by eliminating the need of staff to scan paper documents or input data manually for public disclosure on the Commission’s website and computer analysis of reported information.

#### Campaign Cost Index Adjustments

The principal parties to be affected by the adjustments to the thresholds in the Campaign Act are persons making independent expenditures in elections, candidates, candidate committees, joint candidates committees, recall committees, political committees, continuing political committees, political party committees, legislative leadership committees, treasurers of these entities, and contributors to these entities.

By adjusting the reporting thresholds in the Campaign Act to account for inflation in the costs of campaigns, the Commission’s amendments continue to relieve candidates and certain committees with low levels of financial activity of the requirements to file detailed disclosure reports.

The Commission does not anticipate that adjustments to the 48-hour notice threshold for political party committees, legislative leadership committees, independent expenditure filers, or candidates will have any additional economic impact upon these entities, as they have been required to file 48-hour notices since 2005.

#### Jobs Impact

The proposed amendments are not expected to have an impact on the generation or loss of jobs.

#### Agriculture Industry Impact

The proposed amendments are not expected to have any impact on the agriculture industry in the State of New Jersey.

#### Regulatory Flexibility Statement

**Electronic Filing**

The proposed new rules to electronic filing impose reporting, recordkeeping, and other compliance requirements on individuals and/or entities that file with the Commission concerning the electronic filing of reports and certain other submissions. Some of those subject to the requirements may be small businesses as defined under the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The requirements are not expected to impose any additional costs. It is not anticipated that any professional services will have to be employed in order to comply with the requirements. As the requirements are intended to simplify the reporting process and reduce paperwork to the benefit of both the Commission and those reporting, no differing compliance requirements are provided based upon business size.

**Campaign Cost Index Adjustments**

The Commission’s proposed amendments regarding cost index adjustments do not impose any recordkeeping, reporting, or compliance requirements on small businesses, as that term is defined under the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. While it is conceivable that small businesses may be employed to provide goods or services to persons making independent expenditures in elections, candidates, candidate committees, joint candidate committees, political committees, continuing political committees, political party committees, and legislative leadership committees, the reporting and recordkeeping requirements generated by the amendments are solely on the candidates or committees that are purchasing such goods and services.

#### Housing Affordability Impact Analysis

The proposed amendments will have an insignificant impact on the affordability of housing in New Jersey and there is an extreme unlikelihood that the proposed amendments to electronic filing and to campaign finance thresholds for non-gubernatorial candidates would evoke a change in the average costs associated with housing.
Smart Growth Development Impact Analysis
The proposed amendments will have an insignificant impact on smart growth and there is an extreme unlikelihood that the amendments would evoke a change in housing production in Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey because the proposed amendments concern New Jersey candidates, committees, and all other individuals and/or entities that file with the Commission.

Racial and Ethnic Community Criminal Justice and Public Safety Impact
The Commission has evaluated this rulemaking and determined that it will not have an impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in the State.

Full text of the rules proposed for repeal may be found in the New Jersey Administrative Code at N.J.A.C. 19:25-1.10, 3.1, 3.2, 3.3, 20.9B, and 20.9C.

The agency proposal follows:

Summary

The New Jersey Election Law Enforcement Commission (Commission) proposes to repeal, amend, and implement new rules (1) to be consistent with the Commission’s electronic filing system; (2) to clarify and reflect updates to procedures in the public financing program; and (3) to implement campaign cost index adjustments. The Commission has updated its electronic filing system for gubernatorial candidates. This rulemaking includes changes to Subchapters 15 and 16 of the rules to be consistent with the updated electronic filing system. Additional amendments are included, so that these subchapters are consistent with updated procedures in the public financing program and to provide clarification.

Cost Index Adjustment

Statutory changes to the New Jersey Campaign Contributions and Expenditures Reporting Act, N.J.S.A. 19:44A-1 et seq. (Campaign Act) enacted in 1989 require that the Commission “establish an index reflecting the changes occurring in the general level of prices of particular goods and services ... directly affecting the overall costs of election campaigning in this State.” See N.J.S.A. 19:44A-7.1.b. The Commission must apply that index to adjust on a quadrennial basis the following statutory components of the gubernatorial public financing program for the offices of Governor and of Lieutenant Governor: the gubernatorial contribution limit; the threshold amount of contributions for which no public matching funds are awarded; the gubernatorial expenditure limits; and the maximum public funds that may be given to a qualified gubernatorial primary or general election candidate. See N.J.S.A. 19:44A-7.1.c.

As the Commission has provided a 60-day comment period on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)(5).

Calculation of the Inflationary Adjustment

N.J.S.A. 19:44A-7.1.b requires that the index be weighted according to the impact in the preceding general election for the offices of Governor and of Lieutenant Governor of the various categories of campaign expenditures. Therefore, determination of the index for 2021 required analysis of the campaign expenditures of the 2017 gubernatorial general election campaigns. Using expenditure information reported by the 2017 gubernatorial general election campaigns, the Commission concluded that 70.96 percent of the 2017 general election expenditures were associated with communication of the candidates’ message to voters. The remaining 29.04 percent of the 2017 general election expenditures were spent administering the campaigns, that is, on candidate travel, food and beverage, fundraising, election night activities, compliance, telephone, personnel, and other administrative costs.

As it did in its 1992, 1996, 2000, 2004, 2008, 2012, and 2016 calculation of campaign cost changes, the Commission relied on established indices to evaluate the change in costs during the period...
