The agency proposal follows:

### **Summary**

Statutory changes to the Campaign Reporting Act enacted in 1989 require that the Commission “establish an index reflecting the changes occurring in the general level of prices of particular good and services . . . directly affecting the overall costs of election campaigning in this State” see N.J.S.A. 19:44A-7.1b. The Commission must apply that index to adjust on a quadrennial basis various statutory components of the gubernatorial public financing program; see N.J.S.A. 19:44A-7.1c.

In 1993 amendments to the Act, the Governor and Legislature directed the Commission to adjust the limits and thresholds pertaining to non-gubernatorial candidates, committees, and political party entities for campaign cost inflation in the same manner as it adjusts the gubernatorial limits and thresholds; see P.L. 1993, c. 65 and N.J.S.A. 19:44A-7.2.

Legislation enacted in 2004 further amended the Act, leaving in place the automatic adjustment of thresholds and limits pursuant to the Gubernatorial Public Financing Program and the thresholds applicable to non-gubernatorial candidates and committees, but directed the Commission only to recommend changes for the contribution limits relating to non-gubernatorial candidates, political committees, continuing political committees, political party committees, and legislative leadership committees; see P.L. 2004, c. 28 and N.J.S.A. 19:44A-7.3. The Commission’s recommendations can be found in the Commission’s 2013 Cost Index Report, issued July 2012.

At this time, adjustments to the following thresholds in the Campaign Reporting Act, applicable to non-gubernatorial candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, legislative leadership committees, and other entities, are required: the political committee reporting threshold, the continuing political committee reporting threshold, the joint candidates committee Sworn Statement (Form A-2) reporting thresholds, the candidate committee Sworn Statement (Form A-1) reporting threshold, thresholds for 48-hour notice reporting of contributions and expenditures, the threshold for reporting of independent expenditures, and the maximum penalty amounts, which may be imposed by the Commission pursuant to N.J.S.A. 19:44A-20.1 and 22; see N.J.S.A. 19:44A-7.2, as amended by P.L. 2004, c. 28, § 2, and P.L. 2004, c. 174, § 1.

### **Calculation of the Inflationary Adjustment**

Applying the methodology first described in the Commission's June, 1988 "Gubernatorial Cost Analysis Report," and employed in 1992, 1996, 2000, 2004, and 2008 for the gubernatorial public financing program, and in 1996, 2000, 2004, and 2008 for non-gubernatorial candidates and committees, the Commission has determined that costs relevant to campaigning in New Jersey have risen in the period following the 2009 gubernatorial general election and has applied an index of 11.7 percent to the various limits and thresholds required to be adjusted.

Determination of the index for 2013 required analysis of the campaign expenditures of the 2009 gubernatorial general election campaigns as N.J.S.A. 19:44A-7.1b requires that the index be weighted according to the impact in the preceding general election for the offices of Governor and of Lieutenant Governor of the various categories of campaign expenditures. Using expenditure information reported by the 2009 gubernatorial general election campaigns, the

Commission concluded that 80 percent of 2009 general election expenditures were associated with communication of the candidates' message to voters. The remaining 20 percent of 2009 general election expenditures was spent administering the campaigns, that is, on candidate travel, food and beverage, fundraising, election night activities, compliance, telephone, personnel, and other administrative costs.

As it did in its 1992, 1996, 2000, 2004, and 2008 calculation of campaign cost changes, the Commission relied on established indices to evaluate the change in costs during the period between the 2009 and 2013 elections in two expenditure categories: mass communication costs and other campaign costs/administration.

### **Mass Communication Costs**

In the past, the Commission has relied upon media cost data compiled by Universal McCann, Inc., New York City. This year, the Commission obtained data from MagnaGlobal of New York City, a McCann affiliate. The percentage increase is derived from the cost-per-thousand indices. These indices measure the change in the cost of advertising targeted to reach 1,000 individuals in the New York and Philadelphia media markets. The index is projected to increase by 12.37 percent between base years 2008-2011; see Cost-Per-Thousand Mass Communication Percentage Increases, Table 6 (July 2012).

### **Other Campaign Costs/Administration**

The change in all other campaign costs was calculated using United States Bureau of Labor Statistics (BLS) Consumer Price Index (CPI) data relevant to New Jersey. The Commission used CPI data from the base year 2009 through December 2011, with mathematically projected inflationary increases for 2012 based upon the first four months of 2012. Statistics from the BLS for the purposes of this analysis involve data compiled for two geographic regions: New

York/New Jersey (NY/NJ), and Pennsylvania/New Jersey (PA/NJ). The 2009 through 2012 inflationary number is 8.7 percent for NY/NJ and 9.4 percent for PA/NJ; see “Consumer Price Index for All Urban Consumers Monthly Index Number for December” (July, 2012), citing the United States Bureau of Labor Statistics, Consumer Price Index for All Urban Consumers, Monthly Index Numbers through April 2012. In order to determine the percentage increase in the CPI to be used in calculating the Campaign Cost Index for 2013, the percentage change in the two regional numbers was then weighted at a ratio of two-to-one to reflect the larger population of the NY/NJ region, by doubling 8.7 percent (NY/NJ) to 17.3, which is then added to 9.4 percent (PA/NJ), which equals 26.7 percent. Finally, the 26.7 percent number was divided by three to yield a weighted CPI of 8.9 percent. Therefore, the consumer price increase for New Jersey to be used in calculating the Campaign Cost Index for 2013 is 8.9 percent.

**Calculation of the 2013 Campaign Cost Index**

As indicated below, the 12.37 percent increase in communication costs was multiplied by the proportion of 2009 campaign expenditures for mass communications, or 80 percent, resulting in a communication component of 9.9 percent. The 8.9 percent increase in other campaign costs/administration was multiplied by the proportion of 2009 campaign expenditures on such items or 20 percent, which resulted in a component of 1.8 percent. The 9.9 percent increase in communication costs was then combined with the 1.8 percent increase in other costs to yield a total New Jersey Campaign Cost Index (NJCCI) of 11.7 percent.

**2013 Campaign Cost Index (NJCCI) Calculation**

EXPENSE CATEGORY	% OF 2009 GENERAL	FOUR-YEAR CHANGE IN COSTS	COMPONENT OF CAMPAIGN INDEX*
---------------------	----------------------	------------------------------	---------------------------------

	ELECTION SPENDING		
Mass communication costs	80%	12.37	9.9
Other campaign costs	20%	8.9	1.8
Campaign Cost Increase			11.7

\*Percent of 2009 general election spending multiplied by four-year change in costs.

Based upon the above calculations, the Commission has determined that the cost index multiplier for the limits and thresholds applicable to publicly-financed gubernatorial campaigns is 1.11677995516 (which, for brevity in the charts is listed as 1.117, although the unrounded number is used for calculations). The next step in the cost adjustment process is to multiply each specific limit or threshold by the 1.117 (unrounded) index. The resulting amounts are rounded as statutorily mandated pursuant to N.J.S.A. 19:44A-7.1b.

Based upon this analysis, the Commission proposes to amend its rules as follows:

### **2013 Adjustments for Non-gubernatorial Candidates and Committees**

	2009 Amount	Cost Index Multiplier	Unrounded Sum	2013 Rounded Amount (pursuant to N.J.S.A. 19:44A-7.1b)

\*See Form A-3 Proposal, below.

### **Form A-3 Proposal**

In addition to the statutorily mandated cost index changes listed above, the Commission proposes, as it did in 1996, 2001, 2005, and 2009, application of the cost index to adjust the Form A-3 \$4,900 calendar year regulatory threshold; see N.J.A.C. 19:25-9.2, Certified statement (Form A-3). This rule permits a continuing political committee, a political party committee, or a legislative leadership committee that does not expect to raise or spend in excess of the specified threshold amount to file a certified statement (Form A-3) in lieu of detailed quarterly reports. The purpose of the Form A-3 regulatory filing option is to relieve these committees from the obligation to file detailed quarterly reports in any year in which its financial activity is minimal. The proposed \$5,500 Form A-3 threshold amount is based upon the statutorily-mandated adjustment to \$5,500 of the threshold for quarterly reporting. Because that statutory amount is subject to the campaign cost adjustment process, the Commission proposes that the regulatory threshold amount be similarly adjusted.

### **48-hour Notice Threshold Proposal**

In 2004, legislation extended 48-hour expenditure notice reporting to political party committees, legislative leadership committees, independent expenditure filers, and candidates, establishing a reporting threshold of \$800.00; see P.L. 2004, c. 33. N.J.S.A. 19:44A-7.2, the statute mandating the cost-index adjustments, does not specifically include and was not amended to include the new 48-hour notice requirements. In adopting rules in 2005 to implement the new statutory requirements, however, see 37 N.J.R. 2228(a), the Commission adopted a filing threshold of \$1,000 for these new requirements to be consistent with the other 48-hour notice requirements, which had been adjusted effective January 1, 2005 pursuant to the statutorily-mandated cost index adjustments. The Commission noted at that time that it believed it would

be confusing for filing entities and the public to have one filing threshold for some 48-hour expenditure notices and a different threshold for other entities; see 37 N.J.R. 2228(a). The Commission adjusted the threshold in N.J.A.C. 19:25-8.6A, 9.4A, and 12.8A, in 2008, in order to maintain a uniform threshold for all 48-hour notices filed with the Commission. For the same reasons, the Commission proposes to once again adjust this threshold.

Based upon the cost index analysis, the Commission proposes to amend references in the rules as follows:

1. References to the political committee reporting threshold have been amended to increase the amount from \$2,100 to \$2,400. These references include: N.J.A.C. 19:25-1.7 (Definitions); 4.4(a) and (e) (Establishment of a political committee); and 8.8(a) (Political committee election fund reports).

2. References to the continuing political committee reporting threshold have been amended to increase the amount from \$4,900 to \$5,500. These references include: N.J.A.C. 19:25-1.7 (Definitions) and 4.5(a) (Establishment of a continuing political committee).

3. References to the 48-hour notice reporting threshold for contributions and expenditures have been amended to increase the amount from \$1,200 to \$1,400. These references include: N.J.A.C. 19:25-8.6(a) (Contributions received immediately before an election), 8.6A(a) (Expenditure made immediately before an election); 8.9(a) (Political committee contributions received immediately before an election); 8.10(a) (Political committee expenditures made immediately before an election); 9.3(a) and (b) (Contributions received immediately before an election); 9.4(a) and (b) (Continuing political committee expenditures made immediately before a primary or general election); 9.4A(a) and (b) (Political party committee and legislative leadership committee expenditures made immediately before a

primary or general election); and 12.8A(a) (Independent expenditures made immediately before an election).

4. References in N.J.A.C. 19:25-8.4(b) and (f) (Candidate certified statements, Form A-1 or A-2) to the thresholds for reporting by joint candidates committees have been amended to increase the amounts from \$7,600 and \$11,000 to \$8,500 and \$12,300, respectively.

5. References in N.J.A.C. 19:25-9.2(a) and (b) (Certified statement, Form A-3) to the Form A-3 reporting threshold for continuing political committees have been amended to increase the amount from \$4,900 to \$5,500.

6. Reference to the Form A-1 reporting threshold for candidates has been amended to increase the amount from \$4,000 to \$4,500. These references include N.J.A.C. 19:25-8.4(a) and (e) (Candidate certified statements, Form A-1 or A-2) and 14.4(e) (Recall committee depository and filing requirements).

7. References in N.J.A.C. 19:25-8.4(a) and (b) (Candidate certified statements, Form A-1 or A-2) to the thresholds for reporting by school board or write-in candidates, as indicated in N.J.A.C. 19:25-8.4(d), have been amended to increase the amount from \$4,000 to \$4,500 for a single candidate committee and from \$7,600 and \$11,000 to \$8,500 and \$12,300, respectively, for candidates participating in a joint candidates committee.

8. References in N.J.A.C. 19:25-12.7(b) (Independent expenditures defined) to the threshold for reporting of independent expenditures have been amended to increase the amount from \$1,200 to \$1,400.

9. References in N.J.A.C. 19:25-17.3(a), (b), and (c) (Penalties) to penalties that may be imposed for violations of the Act have been amended to increase the penalty for a first offense from \$6,800 to \$7,600, and for a second offense from \$13,600 to \$15,200.

## **Social Impact**

The Commission's proposed amendments will affect candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, legislative leadership committees, treasurers, and persons and entities making contributions to candidates and committees, and expenditures to support or defeat candidates, committees, and public questions. The amendments will serve to provide notice of the increased thresholds which trigger the obligation to report financial activity to the Commission. The adjusted limits are responsive to changes in the economy and will have a beneficial impact because they permit spending by New Jersey candidates and committees to keep pace with economic changes. The limits, which have been adjusted largely upward in response to inflation, continue to serve the important statutory public policies of eliminating undue influence upon candidates from unlimited contributions and requiring reporting of political contributions and expenditures.

The proposed amendment to adjust the threshold that permits a committee to file the Form A-3 is beneficial because it reduces the filing burden for these committees that have minimal financial activity.

### **48-hour Expenditure Reporting (P.L. 2004, c. 33)**

The Commission believes that the amendments to maintain a uniform threshold for all 48-hour notices filed with the Commission will have a positive social impact by serving as a "gap filler" to notify the public of large expenditures that would otherwise not be reported until after an election. This change increases information available to the electorate and increases

public disclosure of political campaign finances, and parallels amendments made by the Commission in 2009.

### **Economic Impact**

The principal parties to be affected by the statutorily required adjustments to the thresholds in the Act are persons making independent expenditures in elections, candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, legislative leadership committees, treasurers of these entities, and contributors to these entities.

By adjusting the reporting thresholds in the Act to account for inflation in the costs of campaigns, the Commission's amendments continue to relieve candidates and certain committees with low levels of financial activity of the requirements to file detailed disclosure reports.

The Commission does not anticipate that adjustments to the 48-hour notice threshold for political party committees, legislative leadership committees, independent expenditure filers, or candidates, will have any additional economic impact upon these entities, as they have been required to file 48-hour notices since 2005.

### **Federal Standards Statement**

A Federal standards analysis is not required because the proposed amendments concern New Jersey candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, and legislative leadership committees. The amendments are not subject to any Federal requirements or standards.

### **Jobs Impact**

The proposed amendments are not expected to have any measurable impact upon the number of persons employed by candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, and legislative leadership committees, or on vendors supplying services or materials to those candidates and committees.

### **Agriculture Industry Impact**

The proposed amendments are not expected to have any impact on the agriculture industry in the State of New Jersey.

### **Regulatory Flexibility Statement**

The Commission's proposed amendments do not impose any recordkeeping, reporting, or compliance requirements on small businesses, as that term is defined under the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. While it is conceivable that small businesses may be employed to provide goods or services to persons making independent expenditures in elections, candidates, candidate committees, joint candidate committees, political committees, continuing political committees, political party committees, and legislative leadership committees, the reporting and recordkeeping requirements generated by the amendments are solely on the candidates or committees which are purchasing such goods and services.

### **Housing Affordability Impact Analysis**

The proposed amendments will have an insignificant impact on affordable housing in New Jersey and there is an extreme unlikelihood that the amendments to campaign finance thresholds for non-gubernatorial candidates would evoke a change in the average costs associated with housing.

### **Smart Growth Development Impact Analysis**

The proposed amendments will have an insignificant impact on smart growth and there is an extreme unlikelihood that the amendments would evoke a change in housing production in Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey because the proposed rules concern New Jersey candidates, candidate committees, joint candidates committees, political committees, continuing political committees, political party committees, legislative leadership committees, and persons making independent expenditures in elections.
